♩ = 100 120 160

♩ = 60 80 100

chalumeau register (pronounced "shall-you-mow")

Two staves of musical notation in treble clef, key of B-flat major, 2/4 time. The first staff contains three measures of eighth-note runs, each with a slur underneath. The final note of the third measure is held, with the instruction "hold it all the way!". The second staff contains three measures of eighth-note runs, also with slurs. The final note of the third measure is held, with the instruction "long notes".

strive for even sound and even technique!

clarion register (pronounced "klar-ee-on")

Two staves of musical notation in treble clef, key of B-flat major, 2/4 time. The first staff contains three measures of eighth-note runs, each with a slur underneath. The final note of the third measure is held, with the instruction "hold it all the way!". The second staff contains three measures of eighth-note runs, also with slurs. The final note of the third measure is held, with the instruction "long notes".

The different registers of the clarinet

A register refers to the low, middle, and high ranges of the clarinet.

A diagram showing three registers of the clarinet on a single staff in treble clef. The first register is labeled "chalumeau register" and "low", with a note on the second line (B-flat). The second register is labeled "clarion register" and "middle", with a note on the second space (B). The third register is labeled "altissimo register" and "high", with a note on the second space (B) with a sharp sign (#) above it.
